

CTA EU

THE CAMPAIGN

puts **Combined Transport and Intermodal Terminals** on top of the political agenda of both the EU and Member States, focusing on...

5 KEY MESSAGES

OF DOOR-TO-DOOR COMBINED TRANSPORT

ENERGY

- Combined Transport uses **70% less energy** than long-distance trucking.
- Relies on grid-electric energy from ever more **carbon-neutral sources**.
- Reduces Europe's dependence on **imported fossil fuels**.

INFRASTRUCTURE

- Non-road transport handles **heavy goods better than roads**.
- Fewer **roadworks** and less **congestion**.

LABOUR PRODUCTIVITY

- Combined Transport is **more efficient per worker** than trucking.
- Offers **better work/life balance**.
- Helps **tackle the truck driver shortage**.

ENVIRONMENT

- Combined Transport **emits 90% less pollutants and CO₂** than trucking.
- Zero-carbon transport is possible with existing products and technologies

SAFETY

- More Combined Transport **reduces serious accidents rate**.

THE CAMPAIGN

strongly **benefits its supporters**
and the entire industry

MAIN REASONS WHY COMBINED TRANSPORT IS THE SOLUTION
